

## Map and Instructions to AMSO via the METRO

Take the **METRO Yellow Line or Blue Line** train to the **Crystal City** stop. After exiting the train, proceed up the escalator. Take a right at the top of the escalator, entering the Crystal City Shops area. Proceed past several stores and turn left at the first T-intersection. As you make the left, you will notice a shoe shine stand on your left and a pretzel place on the right. Make a right turn immediately after the pretzel place, following the overhead signs to Crystal Gateway North. You will pass more stores and then come to another T intersection where you will take a left into a much wider corridor. Follow this corridor as it winds its way for several hundred feet underground. As you begin to go up a glass covered upgrade, you will see an information booth at the top. Go left at the Info Booth (Rite Aid on your left) and proceed down this corridor. You will pass a frozen yogurt place, a card store, and a restaurant. As you pass the restaurant, continue straight until you come to double glass doors that lead outside. Cross 12th Street and enter the building to your front. This is the building where AMSO is located. As you enter the front door, bear right and proceed through the atrium to the elevators. Go to the 5th floor and walk toward the atrium. The AMSO is in Room 503, to the left as you approach the railing overlooking the atrium.
